

This document refers to the fuse kit for the AMC2000 series Soft Starter. Each fuse has been carefully selected for the semiconductor devices used in each model of AMC2000 Soft Starter. The fuse kit consists of 3x fuse bases, 3x fuses and a fuse cover is also available. The part numbers for the fuse kits and the fuses sizes for each soft starter are listed below.

<u>Soft Starter:</u>	<u>Fuse Kit Part No.:</u>	<u>Fuse Amps:</u>	<u>Replacement Fuse Part No.</u>
AMC2000 A15	TQ00004	32A	TF20032
AMC2000 A30	TQ00005	80A	TF20080
AMC2000 A60	TQ00007	125A	TF20125
AMC2000 A80	TQ00008	160A	TF20160

Fuse Kit Cover: Part No.:
 Fuse Kit Cover TQ00059

Note: The Smartstart 480 series soft starter comes with fuses as standard which are conveniently mounted to the input busbar. No fuse kit is required.

Dimensions:

Notes:

- Hole sizes dependant on method of fixing to mounting pan.
- Hole centres for fuse cover may vary slightly
